

METRON ABATEMENT SYSTEMS SAFETY OVERVIEW

Who should attend?

This course is designed for individuals in the semiconductor industry who require a safety overview of the various Metron abatement systems.

Course Benefits

- Increase knowledge of the Metron abatement product line
- Introduce an overview of both general and product-specific safety aspects of these selected products

Course Objective Summary

- Introduce and describe basic safety guidelines common to selected Metron systems
- Describe basic LOTO procedures, MSDS information and general safety guidelines common to Metron systems
- Locate and understand procedures for EMO on each system
- Describe product-specific hazards for each system

Course Modules

1. *Safety Overview*
2. *Product Specific Safety*

Registration Information

Prerequisites: *None*
Course Length: *2 hours*
Course Type: *Web-based Training*
Course Number: *TRMWEBB004*

To enroll or for more information on our products and services, please call a registrar at one of the numbers below or by email metron.training@metrontech.com

- 1-800-657-1516 (United States)
- 1-512-278-7497 (International)

Computer System Requirements:

Attending this course requires a Windows 98, NT, 2000 or XP computer using Internet Explorer 5.5 or higher. 128MB RAM or higher and high-speed Internet access is also highly recommended.
