

VANTAGE QUICKSTART 300mm RADIANCE CHAMBER: OPERATIONS & PROGRAMMING

Who should attend?

This course is designed for those individuals in the semiconductor industry who require the knowledge and skills to operate the Vantage Quickstart 300mm Radiance Chamber.

Course Benefits

Decrease Time to Competency for all technicians who need to operate the Vantage Quickstart 300mm Radiance Chamber.

Demonstrate capability by operating a simulated Vantage Quickstart 300mm Radiance Chamber in a controlled environment without requiring a system resource.

Increase overall knowledge on the operation of the Vantage Quickstart 300mm Radiance Chamber.

Provide technical foundation necessary to work effectively with the Vantage Quickstart 300mm Radiance Chamber software.

Course Objectives

- Identify and describe the basic operation and how to log onto the Vantage Quickstart 300mm Radiance Chamber software.
- Identify and demonstrate how to navigate specific chamber operations screens and their functions.
- Identify and demonstrate how to create and run sequences and recipes.

Course Modules

1. *Basic Operations*
2. *Chamber Operations*
3. *Programming Operations*

Registration Information

Prerequisites: *None*

Course Length: *2 Hours*

Course Type: *Web-based Training*

Course Number: *TRNWEB-133*

To enroll or for more information on our products and services, please call our registrar at one of the numbers below or go to www.appliedtraining.com.

- 1-800-468-8888, option 4 (United States)
- 1-512-272-0027 (International)

Computer System Requirements:

Attending this course requires a Windows 98, NT, 2000 or XP computer using Internet Explorer 5.5 or higher. 128MB RAM or higher and high-speed Internet access is also highly recommended.
