

CENTURA 300mm ENABLER CHAMBER OPERATIONS & PROGRAMMING

Who should attend?

This course is designed for those individuals in the semiconductor industry who operate and program the Centura 300mm ENABLER Chamber.

Course Benefits

Decrease Time to Competency for all technicians who need to operate the Centura 300mm ENABLER Chamber.

Demonstrate capability by operating a simulated Centura 300mm ENABLER Chamber in a controlled environment without requiring a system resource.

Increase overall knowledge on the operation of the Centura 300mm ENABLER Chamber.

Provide technical foundation necessary to work effectively with the Centura 300mm ENABLER Chamber.

Course Objective Summary

- Identify and describe the basic operation and how to log onto Centura 300mm ENABLER Chamber software.
- Identify and demonstrate how to navigate specific chamber operations screens and their functions.

Course Modules

1. *Basic Operations*
2. *Advanced Operation*
3. *Chamber Operation*

Registration Information

Prerequisites: None
Course Length: 2 Hours
Course Type: Web-based Training
Course Number: TRNWEB-135

To enroll or for more information on our products and services, please call our registrar at one of the numbers below or go to www.appliedtraining.com.

- 1-800-468-8888, option 4 (United States)
- 1-512-272-0027 (International)

Computer System Requirements:

Attending this course requires a Windows 98, NT, 2000 or XP computer using Internet Explorer 5.5 or higher. 128MB RAM or higher and high-speed Internet access is also highly recommended.
