

AMATPANEL OPERATIONS & PROGRAMMING

Who should attend?

This course is designed for those individuals in the semiconductor industry who require the knowledge and skills to operate AMATPanel.

Course Benefits

- Decrease Time to Competency for all technicians who need to operate AMATPanel.
- Demonstrate capability by operating a simulated AMATPanel in a controlled environment without requiring a system resource.
- Increase overall knowledge on the operation of AMATPanel.
- Provide technical foundation necessary to work effectively with AMATPanel software.

Course Objective Summary

- Identify and describe the basic operation and how to log onto the AMATPanel software.
- Identify and demonstrate how to navigate specific operations screens and their functions.

Registration Information

Prerequisites: *None*
Course Length: *1 Hour*
Course Type: *Web-based Training*
Course Number: *TRNWEB-139*

To enroll or for more information on our products and services, please call our registrar at one of the numbers below or go to www.appliedtraining.com.

- 1-800-468-8888, option 4 (United States)
- 1-512-272-0027 (International)

Computer System Requirements:

Attending this course requires a Windows 98, NT, 2000 or XP computer using Internet Explorer 5.5 or higher. 128MB RAM or higher and high-speed Internet access is also highly recommended.
