

VERITYSEM 200mm/300mm SYSTEM OVERVIEW

Who should attend?

This course is designed for those individuals in the semiconductor industry who require a general understanding of the mechanical and electrical make up of the VeritySEM 200mm/300mm system.

Course Benefits

Provide technical foundation necessary to work effectively with Applied Materials equipment. Provide understanding of equipment function, operation, and basic process application for Applied Materials equipment.

Course Objectives

- Describe the VeritySEM tool placement in the semiconductor process
- Describe the function of the VeritySEM
- Locate and describe the major VeritySEM components and subsystems and their functions

Registration Information

Prerequisites: None
Course Length: 1 Hour
Course Type: Web-based Training
Course Number: TRNWEB-156

To enroll or for more information on our products and services, please call our registrar at one of the numbers below or go to www.appliedtraining.com.

- 1-800-468-8888, option 4 (United States)
- 1-512-272-0027 (International)

Computer System Requirements:

Attending this course requires a Windows 98, NT, 2000 or XP computer using Internet Explorer 5.5 or higher. 128MB RAM or higher and high-speed Internet access is also highly recommended. For the audio portion of the class, headsets or speakers and a sound card are required.
