

## CENTURA ACP 300mm EPI LIQUID SYSTEM FACILITIES SERVICE REQUIREMENTS

### Who should attend?

This course is designed for those individuals in the semiconductor industry who require the knowledge to understand the service requirements for the installation of the Centura ACP 300mm Epi liquid system.

### Course Benefits

Improve knowledge of system installation procedures.

Reduce installation preparation time.

### Course Objective Summary

- Identify the liquid system water and cooling requirements.
- Identify the liquid system parts and components requirements.
- Identify the facility chilled water connection points for the system components.
- Describe the pneumatic supply requirements for ATM and RP systems.

### Course Modules

1. *Centura ACP 300mm Epi Liquid System Facilities Service Requirements*

### Registration Information

**Prerequisites:** None  
**Course Length:** 0.5 Hours  
**Course Type:** Web-based Training  
**Course Number:** TRNWEB-196
